POST SHOW REPORT

3 - 5 DECEMBER 2024 // STUTTGART, GERMANY

“““

It's been really good to see all the other vendors here, I've learned a lot. I've made some really good connections, looking forward to coming along next year!

Simon Brady, VP Solutions Architecture EMEA & Asia, **Accelsius**

EXHIBITOR OVERVIEW

“““

We wanted to expand business connections in the foam industry. Exhibiting at Foam Expo Europe helped us a lot to achieve this. The quality of the connections are very high and of top value.

Wilhelm Rupertsberger,
Head of Competence Center Plastics, **Fill GmbH**

“ I think trade shows like these are crucial for the sector. If I look at our lead generation at ToffeeX, almost all come from in-person events like Thermal Management Expo

CONFERENCE

97 SPEAKERS DISCUSSED THE OPPORTUNITIES AND CHALLENGES FACING THE FOAM, ADHESIVES AND THERMAL MANAGEMENT SECTORS

The two stages at the conference brought together experts and industry thought leaders from across Europe to share valuable insights on the challenges and opportunities shaping our industries in the coming years.

The thermal management sessions on day one discussed innovation in automotive and aerospace, from automotive chiplets and electric aviation to EV charging and hydrogen fuel cells. Foam and adhesives sessions focused on product development, material innovation and sustainability.

The second day at the conference discussed semiconductors, electronics and data centre cooling. The final day explored the impact of digitalisation and artificial intelligence on material formulation, manufacturing processes and thermal management solutions.
