EXHIBITION PROSPECTUS

STUTTGART, GERMANY
11-13 NOVEMBER 2025

““““

Trade shows like these are crucial for the sector. If I look at our lead generation at ToffeeX, almost all come from in-person events like Thermal Management Expo.

RETURNING TO STUTTGART, GERMANY,
EUROPE'S MANUFACTURING HUB

Thermal Management Expo Europe is an exclusive platform that unites suppliers of cutting-edge materials, systems, and technologies with industry professionals seeking advanced heat dissipation solutions for high-tech applications.

Taking place in Stuttgart, Germany's industrial heartland, Thermal Management Expo Europe is co-located with Foam Expo Europe and Adhesives & Bonding Expo Europe. These three shows combined will enhance your experience by connecting you with senior technical experts across multiple industries.

6699

You approach a company with your product, by phone or email and get no answer. Now they just come into your booth, and you have a conversation. There is no other opportunity than a show like this.

AUTOMOTIVE & MOBILITY

Stuttgart is home to global automotive giants like Mercedes-Benz and Porsche, making it a leading center for vehicle manufacturing, mobility solutions, and EV innovation.

ADVANCED MANUFACTURING & ENGINEERING

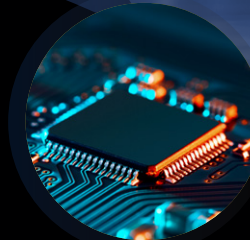

With a strong industrial base, Stuttgart is a powerhouse for precision engineering, automation, and cutting-edge manufacturing technologies.

AEROSPACE & DEFENSE

The region supports a thriving aerospace sector, with companies specializing in aircraft components, defense systems, and engineering advancements.

ELECTRONICS & SEMICONDUCTOR TECHNOLOGY

Stuttgart plays a crucial role in Europe's semiconductor and electronics industry, supporting innovation in microelectronics, automation, and smart technologies.

THE HOME OF THE INDUSTRY

Stuttgart, Germany, is renowned as a global hub for automotive engineering, advanced manufacturing, and high-tech innovation. As the heart of Germany's industrial sector, it is home to world-leading automotive brands, cutting-edge research institutions, and a thriving network of suppliers and manufacturers.

Exhibit at Thermal Management Expo Europe in Stuttgart to connect with industry leaders from Europe's advanced manufacturing and automotive sectors. Stuttgart's strong industrial ecosystem offers a prime opportunity to showcase your solutions to a diverse and influential audience, driving your business forward and fostering valuable connections.

MEDICAL TECHNOLOGY & LIFE SCIENCES

A growing hub for medical device manufacturing, biotechnology, and healthcare innovations, Stuttgart fosters advancements in medical research and diagnostics.
